

Specifications:

Recommended span: 48" (60" available) between posts.

Handrail: 2" diameter 16 gauge 316 grade stainless steel tubing.

Infill: 1/2" diameter x 14 gauge 304 grade stainless steel balusters.

Posts: 4x4 posts with vinyl sleeves, post cap and skirt.

Top and bottom rails are secured to posts using sidemounts and #10 stainless steel screws.
Rubber plugs available to minimize baluster movement.
