ATLANTIS RAIL SYSTEM'S NEW RAIL MOUNTING HARDWARE

New Rail Fitting for 2" Stainless Steel Railing Accommodates Post Widths from 3" for Greater Flexibility

Plymouth, MA, March 29, 2018– Atlantis Rail Systems' newest addition to their collection of unique and proprietary rail fittings allows for the mounting of 2" stainless steel railings on post widths as narrow as 3". The Straight Sidemount Oval is made of the same quality 316L stainless steel used for their other fittings. This new fitting is also available with an insulating gasket that allows it to be used with various metal post material, including aluminum. The new Straight Sidemount Oval uses a 4-fastener attachment configuration to ensure tight and sturdy mounting on any surface.

Atlantis Rail Systems distributes cable railing and glass railing systems through a network of value added distributors and dealers located throughout the United States and Internationally. Please contact an Atlantis Sales Representative to find a dealer near you or visit the Dealer Locator on the Atlantis Rail website. To learn more about Atlantis Rail Systems' line of railing systems and components, please visit www.atlantisrail.com or call (800) 541-6829.

Atlantis Rail Systems is a leading manufacturer of premium stainless steel cable and glass railing systems. Their prefabricated, modular railing systems are designed for assembly using a collection of patented railing fittings and components to allow for easy installation at a low cost. Their systems are ideal for commercial and residential, indoor and outdoor applications.
