## ATLANTIS INTRODUCES NEW ALUMINUM CABLE STABILIZER FOR STAIRS

A more affordable stair stabilizer, offered in multiple color options

Plymouth, MA, September 18, 2019— Atlantis Rail Systems' newest addition to their collection of unique and proprietary rail fittings serves as a more affordable cable stabilizer option for stair railings with cable infill. Designed to be field cut to size and surface mounted using the supplied wood screws for easy installation. Made from aluminum and powder coated in the following color options: Black, White, Bronze and Metallic (Silver). The new Aluminum Stair Stabilizer (A0908-XX60-ST) is sold as a kit, which includes all hardware and fasteners needed for installation.

Atlantis Rail Systems is a leading manufacturer of premium stainless steel cable and glass railing systems. Their prefabricated, modular railing systems are designed for assembly using a collection of patented railing fittings and components to allow for easy installation at a low cost. Their systems are ideal for commercial and residential, indoor and outdoor applications.

Atlantis Rail Systems distributes cable railing and glass railing systems through a network of value added distributors and dealers located throughout the United States and Internationally. Please contact an Atlantis Sales Representative to find a dealer near you or visit the Dealer Locator on the Atlantis Rail website.
