

NOVA II SYSTEM

Cable Railing with Powder-Coated Aluminum Posts & Rails

The NOVA II System features powder-coated aluminum posts, handrails and foot rails and horizontal cable infill. The cable infill utilizes HandiSwage™ fittings with 1/8" cable. The NOVA II posts are surface mounted using the NOVA II Post Mounting Hardware Kit which is sold separately and includes 4, 5/16" x 4-1/2" hex head lag bolts and accompanying cover nuts. Customers must source their own mounting hardware when mounting on surfaces other than wood.

The NOVA II system is completely off-the-shelf and features minimal components and is offered in black, white and bronze. Each post and rail kit includes everything needed for installation. Post mounting hardware, cable and cable mounting hardware are sold separately.

COST: \$ \$ \$ \$

NOVA NAUTILUS

The NOVA Nautilus System utilizes predrilled aluminum posts with a 2" stainless steel top and optional bottom rail. It features multiple color options of black, white or bronze to compliment any application. The cable is spaced at 2-3/4" and utilizes HandiSwage™ fittings.

HandiSwage™ CABLE INFILL

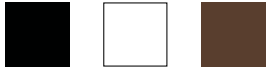

The NOVA II System features 1/8" diameter cable and a line of HandiSwage™ fittings including studs and tensioners. Using the HandiSwage™ line, makes the NOVA II System one of the simplest and most economical cable railing systems available. All fittings cable and accessories are made from electro-polished, 316L stainless steel for maximum corrosion resistance and durability. For a finished look, we offer cover nut sets to match the posts.

NOVA II COLOR SELECTION

Black, White & Bronze

NOVA II SYSTEM RAIL KITS

There are 2 types of NOVA II rail kits; a straight and stair kit. They are offered in 6' lengths utilizing a top and bottom rail and a cable stabilizer. Mounting hardware kit is sold separately.

STRAIGHT RAIL KIT

NOVA II 6' Straight Rail Section — A0906-0201-XX*

Includes the following components:

- 1 Top Rail
- 1 Bottom Rail
- 1 Cable Stabilizer, Drilled
- 1 Support Block
- 3 Self-Drilling Screws
- 1 Support Block Base Kit
- 3 Connectors

A0906-HD01-XX NOVA II Straight Rail Section Hardware Kit Sold Separately.

STAIR RAIL KIT

NOVA II 6' Stair Rail Section — A0906-S021-XX*

Includes the following components:

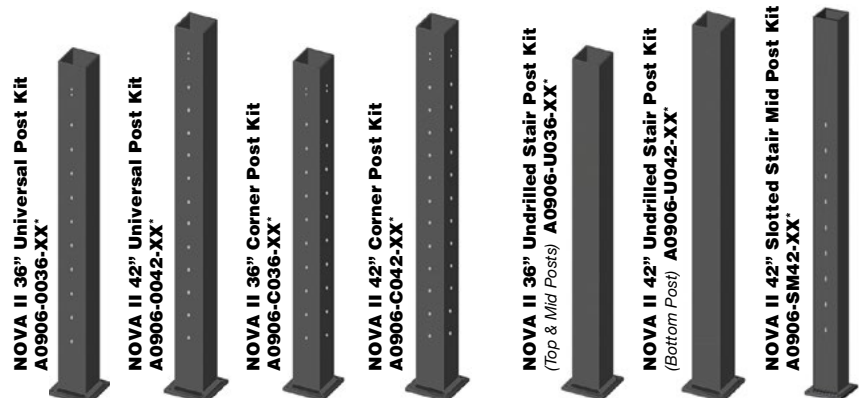

- 1 Top Stair Rail
- 1 Bottom Stair Rail
- 1 Cable Stabilizer, Slotted
- 1 Support Block
- 3 Self-Drilling Screws
- 1 Support Block Base Kit
- 3 Angled Connectors

A0906-HD21-XX NOVA II Stair Rail Section Hardware Kit Sold Separately.

NOVA II SYSTEM POST KITS

The NOVA II System features post kits that include a 36" and 42" universal and a 36" and 42" corner post for level sections and a 36" and 42" post for stair sections plus a 42" slotted stair mid post. The post kits for level sections are pre-drilled, while the stair post kits are undrilled or slotted due to stair variables except for the slotted stair mid post. Each kit includes everything needed for installation, excluding post mounting hardware. For mounting to wood, use the NOVA Post Mounting Hardware Kit (A0908-HD10).

3" X 3" LEVEL POST KITS

Included in the Universal and Corner Post Kits:

- 1 Post, Drilled
- 1 Post Skirt
- 1 Post Cap
- 1 Post Pad

Additional items included in the Corner Post Kits:

- 10 or 12 NOVA HandiSwage™ Studs
- 10 or 12 Plastic Washers
- 10 or 12 Cable Grommets

3" X 3" STAIR POST KITS

Included in the 36" & 42" Stair Post Kits:

- 1 Post, Undrilled or Slotted Mid Post
- 1 Post Skirt
- 1 Post Cap
- 1 Post Pad

* "XX" in the part number is the color designation. Replace with "BK" for black, "WH" for white or "BZ" for bronze.

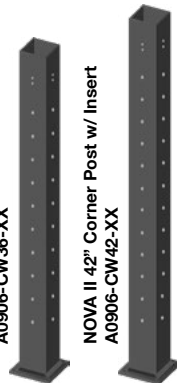

NOVA II CORNER POST W/ INSERT KITS – A0906-CW36-XX* & A0906-CW42-XX*

Includes the following components:

- 1 Post, Drilled
- 1 Post Pad
- 1 Post Skirt
- 1 Corner Post Insert
- 1 Post Cap
- 20 or 24 Cable Grommets

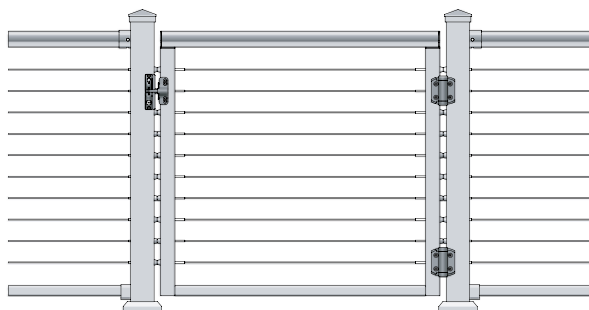

NOVA II 36" Corner Post w/ Insert
A0906-CW36-XX

NOVA II 42" Corner Post w/ Insert
A0906-CW42-XX

NOVA II CORNER POST W/ INSERT KITS

The new NOVA II corner post features a post insert that allows for the continuation of the cable through the post on a 90 degree corner. This enables the cable to continue the run versus terminating it at the corner post and installing hardware. A curved lacing needle (C0988-400C-2) is required to guide the cable through both holes. The post kits are available in a 36" or 42" height and black, white or bronze color options. It includes everything need for installation, excluding post mounting hardware.

NOVA II Gates – A0906-G036-XX* & A0906-G042-XX*

Includes the following components:

- Gate Frame
- 1 Latch
- 2 Self Closing Hinges
- Mounting screws

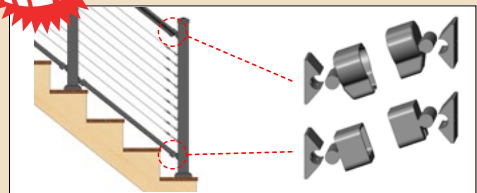

NOVA II SYSTEM STOCK GATES

NOVA II gates are available in standard colors of black, bronze and white and include hinges, latch and mounting hardware. Gates come in a 36" width and are available in 36" and 42" heights. Cable is not pre-installed on NOVA II gates. Cable hardware, cable and cover nut sets are sold separately.

* "XX" in the part number is the color designation. Replace with "BK" for black, "WH" for white or "BZ" for bronze.

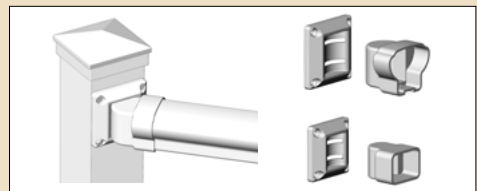

NOVA II HINGE FITTINGS FOR STAIRS AND ANGLES

NOVA II Pivoting Stair Fitting – A0906-0031-XX*

The NOVA II Pivoting Stair Fitting is used to accommodate stair angles between 29 and 41 degrees and 5 degree ramp applications.

NOVA II Adjustable Fitting – A0906-0075-XX*

The NOVA II Adjustable Fitting is used to accommodate angles up to 45 degrees on level sections.

NOVA II ACCESSORIES

NOVA II Single Mount Tensioner – C0748-SM03-2

HandiSwage™ Tensioner – C0748-0003-2

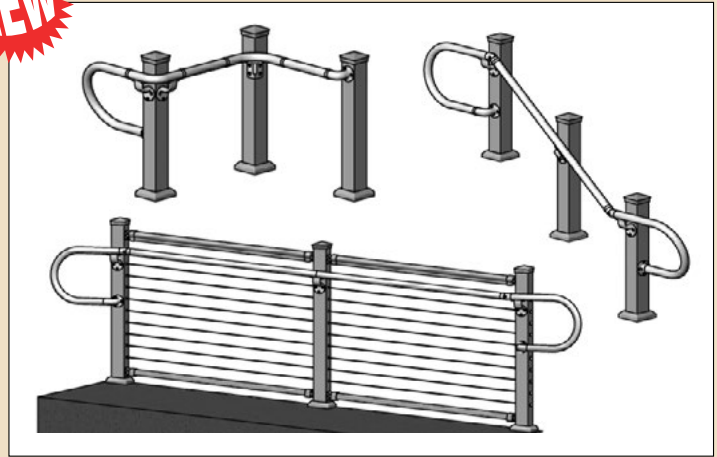

NOVA Cover Nut Set – C0906-XX02-10 and C0906-XX02-12

The NOVA Cover Nut Set includes a plastic washer, stainless steel nuts and plastic cover nut. It is used with the HandiSwage™ Stud for tensioning capabilities. Available in black, white and bronze colors in packs of ten or twelve.

NOVA II ADA HANDRAIL SYSTEM

Atlantis Rail now offers fittings to easily adapt ADA handrails to the NOVA II and wood post cable railing systems. The simple design allows installers to handle a variety of handrail transitions using a small set of components. The system features 1-1/2" tubular handrails and is made from powder-coated aluminum for a durable finish. Surface mount brackets are utilized on the NOVA II posts and can be installed quickly and easily with simple hand tools. Visit the Atlantis Rail website for a look at the complete selection of ADA components.

The handrail and associated fittings are powder-coated in the colors shown to the right. Powder-coating for white, bronze and black has a textured finish to match the NOVA II posts and rails while metallic silver and dark brown have a smooth finish.

ADA COLOR SELECTION

Colors from left to right: Black*, Metallic Silver, Pure White*, Dark Brown and Bronze*.

* Indicates a textured powder coated finish.

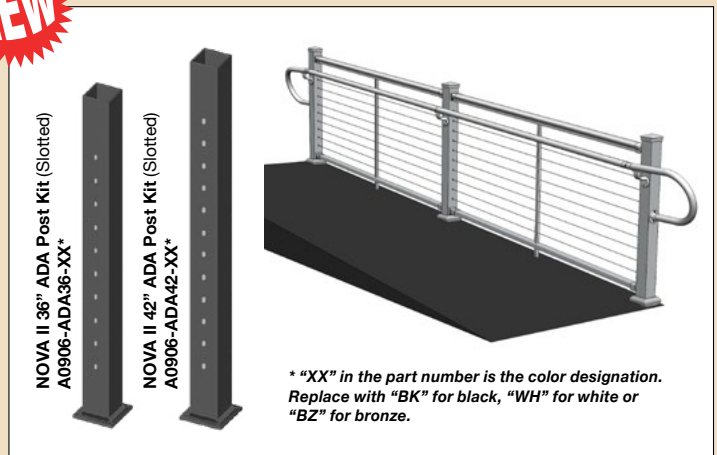

NOVA II ADA POST KITS

The NOVA II ADA Posts feature slotted holes to accept HandiSwage™ cable and are ideal for ramps. The holes are placed in such a fashion as to run cables parallel to the angle of standard ADA ramps. The post kits are available in a 36" or 42" height and black, white or bronze color options. It includes everything needed for installation, excluding post mounting hardware.

NOVA II ADA POST KITS – A0906-ADA36-XX* & A0906-ADA42-XX*

Includes the following components:

- 1 Post, Slotted
- 1 Post Pad
- 1 Post Skirt
- 1 Post Wedge, 5°
- 1 Post Cap

* "XX" in the part number is the color designation. Replace with "BK" for black, "WH" for white or "BZ" for bronze.
