Bronze (A0906-P052-BZ)  
White (A0906-P052-WH)

Use Atlantis touch-up paint to fix any scratches which may occur during the installation process.

## NOVA I Cable Railing System

The NOVA I System features a powder-coated aluminum framework combined with horizontal stainless steel cable infill. The framework is made up of 3" x 3" posts, colonial style ("bread loaf") top rail and no bottom rail. The cable infill consists of HandiSwage™ fittings and 1/8" cable. The straight and stair rail kits are available in 6' lengths and include a top rail, pre-drilled stabilizer, support block assembly and connectors. Post kits come pre-drilled for 3" cable spacing in heights of 36" or 42". The simple design of the top rail allows installers to handle a variety of rail transitions using a small set of adaptive rail fittings and common installation tools.

The NOVA I System is offered in a matte textured powder-coat finish of black, bronze and white (featured to the left). Atlantis touch-up paint is also available in these colors and finish to fix any scratches that may occur during installation.

### Rail Kits

Straight Rail Kit (A0905-0201-XX\*)  
Stair Rail Kit (A0905-S021-XX\*)

Straight and stair rail kits are offered in 6' lengths and include top rail, pre-drilled stabilizer, support block assembly and connectors. The top rail can be cut and concealed inside associated hardware kits for a clean look.

**ATLANTIS®**  
RAIL SYSTEMS

### Straight Rail Hardware Kit (A0905-HD01-XX\*)

The NOVA I Straight Rail Hardware Kit is used to mount the top rail to the post on level sections.

### Stair Rail Hardware Kit (A0905-HD21-XX\*)

The NOVA I Stair Rail Hardware Kit is used to mount the top rail to the post on stair sections.

### Adjustable Angle Hardware Kit (A0905-0075-XX\*)

The NOVA I Adjustable Angle Hardware Kit is used to mount the top rail to the post on angled level sections.

### Pivoting Fitting Hardware Kit (A0905-0031-XX\*)

The NOVA I Pivoting Fitting Hardware Kit is used to mount the top rail to the post on stair and ramp sections.

### NOVA I Post Kits

The NOVA I System utilizes a variety of post kits. The kits are offered in rail heights of 36" and 42" and come with post caps, skirts and pads. Post styles include universal, corner, stair mid, undrilled and ADA ramp posts.

\* "XX" in the part number is the color designation. Replace with "BK" for black, "BZ" for bronze and "WH" for white. Powder-coated finish is matte/textured.
